## HIGH SCHOOL

### **Maintaining privacy and safety in online learning**

Pupils are expected to behave in the same manner as they would in a school classroom. Unacceptable behaviour may result in the pupil being removed from the virtual group setting.

Following Safeguarding protocol, all virtual sessions through Microsoft Teams will be recorded. Pupil backgrounds should have their camera turned off and their microphone on mute unless they have permission to ask a question.

Where and if possible, an adult should be nearby whilst pupils are in a virtual classroom (to offer support if needed), but please note, these sessions are set up for pupil to staff interaction.

Live streaming will be kept to a reasonable length of time and will not be undertaken on a 1 to 1 basis

All meetings will be scheduled by a staff member and where possible will be at the same time as indicated on the student timetable. This may not always be possible due to home or school commitments and may be scheduled at another appropriate time.

Students should not use Teams for social interactions at any time.

Selston High School will only use Teams and your student logins to contact you online. Do not respond to and report immediately if anyone one claiming to be from Selston High School contacts you using any other platform.
